

Xerox[®] ColorQube[®] 8570 Colour Printer

The ColorQube 8570 colour printer is a powerful and an environmentally friendly printing solution that's simple and highly productive with the advantage of superior colour output.

More colour performance, for less

- Incredible detail and halftones. 2400 FinePoint™ print resolution ensures exceptional print quality.
- Always superior colour. Solid ink gives your documents rich, vibrant colours on all media, including recycled paper.
- **Wide media range.** Print on everything from plain paper to labels, envelopes, card stock, business cards and glossy media.
- The colours you expect. PANTONE® approved solid-colour simulations and Xerox colour correction technology deliver results that always match your expectations.
- **No time lost for colour.** The ColorQube 8570 prints black and white and colour at the same fast speed.

The right fit for any environment

- Fast print speed. Get your jobs out quickly as quick as 40 ppm colour and black and white.
- **Print when you're ready.** With a first-page-out-time as fast as 5 seconds
- Easy expandability. Add memory for more time-saving features and expand paper capacity to 2,200 sheets.
- **Intuitive colour correction.** The Colour By Words feature lets you select desired colour modifications from a simple drop-down list.
- **Small footprint.** The ColorQube 8570 fits almost anywhere in your work space, whether on your desk or in a central location.
- Save shipping costs and storage space. Compared to toner, solid ink's smaller packaging costs less to ship and is small enough to fit in a desk drawer.

Your office, greener

- Less waste, less impact. Packaging for the printer and solid ink sticks helps you create up to 90% less waste, lower Life Cycle energy demand and a smaller carbon footprint than comparable laser printers.
- Earth Smart print driver settings. Easy-to-use print-driver gauge allows you to choose the most environmentally conscious print settings.
- **Intelligent operation.** Intelligent Ready feature learns your usage patterns to optimise power consumption and productivity.
- **Bundled GreenPrint software.** Use the standard GreenPrint tool to help you print only the pages you want for reduced paper and ink usage.
- **ENERGY STAR®** qualified. The ColorQube 8570 meets the stringent ENERGY STAR requirements for energy consumption (DN and DT configurations only)
